Protecting Human Life

The Constitution's guarantee that no one can "be deprived of life, liberty or property" deliberately echoes the Declaration of Independence's proclamation that "all" are "endowed by their Creator" with the inalienable right to life. Accordingly, we assert the sanctity of human life and affirm that the unborn child has a fundamental right to life which cannot be infringed. We support a human life amendment to the Constitution and legislation to make clear that the Fourteenth Amendment's protections apply to children before birth.

We oppose the use of public funds to perform or promote abortion or to fund organizations, like Planned Parenthood, so long as they provide or refer for elective abortions or sell fetal body parts rather than provide healthcare. We urge all states and Congress to make it a crime to acquire, transfer, or sell fetal tissues from elective abortions for research, and we call on Congress to enact a ban on any sale of fetal body parts. In the meantime, we call on Congress to ban the practice of misleading women on so-called fetal harvesting consent forms, a fact revealed by a 2015 investigation. We will not fund or subsidize healthcare that includes abortion coverage.
