The election of Pro-Life Candidates who know that they have been called by God is needed to bring about the end of abortion in the United States of America. The sanctity of human life IS the foundational value for ALL decisions; therefore, it is essential that Pro-Life Candidates be elected to ALL positions.

Can a Candidate Who Thinks it is OK to Kill Unborn Babies be Trusted to Take Care of You?

This election could mean real fundamental changes in our laws and culture—Life Changing—as those of the Pro-Death culture have pledged to do everything within their power to take back the strides made by the Pro-Life movement. There is BIG Money in killing unborn babies.

ELECTIONS MATTER!

Each Party's Position on Life cited from each party's platform documents.

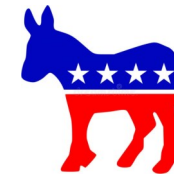

Republican Platform

“ . . . the 14th Amendment to the Constitution of the United States guarantees that no person can be denied Life or Liberty without Due Process, and that the States are, therefore, free to pass Laws protecting those Rights. After 51 years, because of us, that power has been given to the States and to a vote of the People. We will oppose Late Term Abortion, while supporting mothers and policies that advance Prenatal Care, access to Birth Control, and IVF...”

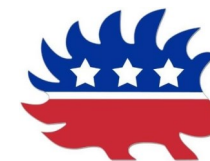

Democrat Platform

“ . . . Democrats believe every woman should be able to access high quality reproductive health care services, including safe and legal abortion. We oppose and will fight to overturn federal and state laws that create barriers to women's reproductive health and rights...Democrats oppose restrictions on medication abortion care...”

Libertarian Platform

“ . . . Libertarians promote individual liberty and seek to minimize the role of the state. The abortion debate is mainly within right-libertarianism between cultural liberals and social conservatives as left-libertarians generally see it as a settled issue regarding individual rights, as they support legal access to abortion as part of what they consider to be a woman's right to control her body and its functions.

2024 General Election November 5, 2024 Warrick County Grade Card

“ I call heaven and earth to witness against you today, that I have placed before you life and death, the blessing and the curse. So choose life in order that you may live, you and your descendants.”

It's time for Hoosiers to stand up and proclaim our pro-life values at the ballot box. We want pro-life laws and we want pro-life leaders! Momentum will only continue to grow for pro-life causes if we vote for LIFE!

After half a century, states have finally reclaimed authority over the most important human rights issue. We are grateful that here in Indiana, we are able to grant sanctuary to unborn children. In an effort to love them both, we are working to offer support and empowerment to families across our state.

This is Indiana's time to lead the way as an example of what a state can do when embracing true compassion for pregnant mothers and unborn babies – loving them both. We look forward to new opportunities to extend Indiana's legal protections to all unborn children.

For almost 50 years, Roe cast a bleak outlook for our country. The decision to overturn Roe was a great victory for the pro-life cause—but the fight is not over! We MUST stand for life and this starts with voting for pro-life leaders to ensure our voices continue to be heard.
